Patient comfort and access site outcomes with a screw-based mechanical radial compression device following transradial coronary intervention: A quasi-randomized study Hoa Tran, Dat Minh Nguyen, Nhut Quang Le, Khoa Ba Tran, Hung Quoc Pham, Tan Minh Nguyen, Khuong Dang Tran, Ho Chi Minh City, Vietnam	
Original Research	
Management of public-private partnership projects and their risks in the healthcare system of the Kyrgyz Republic Mederbek A. Ismailov, Bolot A. Abilov, Bishkek, Kyrgyzstan	
Original Research	
Association between disease duration, GH-IGF-1 axis markers, and linear growth in children with type 1 diabetes mellitus: a cross-sectional study Feruzakhan Uvaidillaeva, Rustam Tuhvatshin, Valeriia Kniazeva, Baktygul Omurkulova, Bishkek, Kyrgyzstan	
Original Research	
The role of hemodynamic factors in arterial stiffness development during the early stages of peripheral vascular remodeling: A single-center observational cross-sectional study Gulbarchyn Zh. Suranova, Uulzhan A. Alieva, Aruuke A. Abdumanapova, Samatbek K. Abdrahmanov, Bishkek, Kyrgyzstan	
Original Research	
Impact of pulmonary embolism response team involvement on early outcomes in intermediate-high and high-risk pulmonary embolism: An observational single-center study Dung The Bui, Vu Hoang Vu, Hau Viet Nguyen, Hoa Tran, Mai Thi Tuyet Nguyen, Dinh Hoang Nguyen, Tung Thanh Au, Khoi Minh Le, Hien Thanh Nguyen, Hang Thi Nguyen, Khuong Dang Tran, Ho Chi Minh City, Vietnam	
Original Research	
Coronary plaque characteristics on CT Angiography: Associations with risk factors and stenosis burden Saeda Mohamed Abd Elwahab, Ashraf Alamir Abdelfattah, Wafaa Ahmed Abdelwahab, Ghada Mohamed Abd Elrazik, Ahmed G. Bakry, Qena, Cairo, Egypt	
Original Research	
Endoscopic bougienage of cicatricial esophageal strictures in children: Experience of the clinic of the National Center for Maternal and Child Health	

Zhaidar S. Saparbekov, Tatyana A. Akmentyeva, Mirbek T. Baizakov, Sultan A. Ormushev, Sagynbek K. Isaev, Bishkek, Kyrgyzstan	
Original Research	
Comparison of the diagnostic utility of computed tomography venography with color Doppler ultrasound in patients suspected of secondary varicose veins: Study on diagnostic accuracy Abd-Alraheem Hussein Ali, Abd-Alraheem Fathy, Ahmed Okasha Mohammed, Mosab Ahmed Abdelsalam, Qena, Egypt	
Original Research	
Exploring the connection between serum magnesium and exacerbation of chronic obstructive pulmonary disease Chirukuri Venkata Rohitha Chowdary, Vathada Nookaraju, Ramya Gadam, Aravindhan Rajesh, Mekapothula Sravanthi, Kakinada, India	
Review	
Chronic coronary syndromes: Latest ESC recommendations and current insights from the literature Dario Mafrica, Giuseppe Franculli, Gianmarco Sarto, Antonio Esposito, Sourav Sudan, Giuseppe Biondi-Zoccai, Marco Bernardi, Pierre Sabouret, Rome, Latina, Cotignola, Italy, Worchester, Massachusetts, USA, Paris, France	
Case report	
Ticagrelor-induced cutaneous hypersensitivity in a patient with acute coronary syndrome following percutaneous coronary intervention: A case report Ajitkumar Jadhav, Digvijay Nalawade, Raj Sachde, Sridevi Chigulapalli, Pune, Maharashtra, India	
Case report	
Persistent right atrial standstill in a patient with myasthenia gravis: A case report Randa Tabbah, Moied Al Sakan, Bernard Abi-Saleh, Beirut, Lebanon	
Case report	
Treatment of a ruptured aorto-iliac aneurysm with right iliac arteriovenous fistula: Surgical considerations in the endovascular era Fabio Massimo Oddi, Andrea Cuoghi, Gianluca Citoni, Adelaide Borlizzi, Grazia Granata, Manuel Romano, Federico Francisco Pennetta, Eugenio Martelli, Alessandro Ranucci, Rome, Italy	
Case report	
Brachial Artery Endovascular Denervation by Ablation in a Patient with secondary Raynaud's syndrome Marat Aripov, Sakhipzhamal Sabirova, Madina Tuleuova, Azamat Zhashkeyev, Astana, Karagandy, Kazakhstan	
Case report	
Improved perfusion following arterial stenting in peripheral vasculitis secondary to Sjögren's syndrome: A case report Mada Ilham Bawono, Arif Prasetyo Utomo, Purwokerto, Sukarta, Indonesia	
Historical note	
The milestones of cardiac anesthesiology and emergency medicine development in Kyrgyz Republic Aibek A. Ashyrbaev, Zhyldygzul S. Derkembayeva, Emirlan K. Kubanychbekov, Zhyldyzbek A. Raimbekov, Bishkek, Kyrgyzstan	
Innovations and patents	
Method of implantation of an aortic conduit for aortic aneurysm Rustem M. Tuleutaev, Kuat B. Abzaliyev, Daurenbek O. Urazbekov, Almaty, Kazakhstan	
Innovations and patents	
Method of septal myectomy in the surgical treatment of hypertrophic cardiomyopathy Kuat B. Abzaliyev, Rustem M. Tuleutaev, Symbat A. Abzaliyeva, Rosa T. Kuanyshebekova, Elena N. Pakhomenko, Almaty, Kazakhstan
